The Churches of the Lutheran Church Missouri Synod (LCMS) would like to help.

Operation Barnabas is a ministry of The Lutheran Church Missouri Synod which consists of two initiatives: The first initiative is to help congregations whose pastors are recalled to active duty as chaplains.

The second initiative is to help all military families during deployment, especially those families who live far from military services.

This initiative helps eligible military families locate and subsidize affordable child care in local communities. Military families who are using licensed/legally operating community-based child care programs and providers pay reduced fees.

Child care costs often increase when your Sailor is deployed. This subsidy program can be used by spouses who are employed or looking for work, going to school or have special medical needs. For more information contact the National Association of Child Care Re-source and Referral Agencies at 800-424-2246 or visit their Web site www.naccrra.org.

State 4-H Military Liaisons in 34 states in partnership with the National Guard, Reserve, the Military Child Education Coalition, Boys and Girls Clubs of America, the National Association of Child Care Resource and Referral Agencies, The American Legion, schools and other community organizations are supporting youth before, during, and after the deployment of a parent or loved one.

Some of the programs include:

- Workshops for community professionals who work with youth to offer an insight into military culture, the deployment cycle and suggest ways to understand the needs of and provide support to military kids and their families through community resources.
- Hero Packs are backpacks filled by non-military youth with mementos and items designed to help connect kids with their deployed parent.
- Speak Out for Military Kids is a youth–led, adult supported project that generates community awareness about issues faced by youth of military families. Through simulations, interviews, and research, participants begin to understand what military families go through during deployment. As the youth form speakers bureaus they develop presentations, public service announcements, videos, and other materials and actively seek opportunities to share their experiences with others in the community (e.g. school assemblies, youth club meetings, city council meetings, fairs, and teacher in-service programs).
- Mobile Technology Labs are used to facilitate connections between deployed service members and the children left behind.

Vets4Vets
www.vets4vets.us

Vets4Vets is a non-partisan veteran organization dedicated to helping Iraq and Afghanistan-era veterans feel good about themselves and heal from any negative aspects of service and war through the use of peer support. Our primary goal is to help Iraq and Afghanistan-era veterans understand the value of peer support and to regularly use peer support to express their emotions, manage their challenges and ease their reintegration into society. Our vision is that anytime a veteran needs to talk with someone who really understands, a local Vets4Vets peer support group is available at no cost. We envision Vets4Vets being a common name in the minds of all veterans as a place where they, and their comrades, can go to heal.
