Educational Requirements

Individuals seeking professional certification in Children's Ministry in The United Methodist Church must meet the standards set by the General Board of Higher Education and Ministry's Division of Ordained Ministry (GBHEM). These include successful completion of five (5) certification courses relating to Children's Ministry. Specialized ministers are certified by the annual conference Board of Ordained Ministry (BOM), in cooperation with GBHEM.

Courses are designed to provide a graduate academic foundation. Other requirements for certification include personal and church qualifications and experience in the area of Children's Ministry, as determined by GBHEM. The five courses include theories and methods of teaching the Bible, exploration of the pedagogical and theological bases for ministries and equipping people as disciples for the transformation of the world. Courses also include an understanding of The United Methodist Church, its structure, curriculum and resources.

Each course must be offered for no less than two (2) semester (or equivalent quarter) hours of graduate academic credit. All certification courses must be taken at a United Methodist seminary or approved graduate school. Exceptions may be made for other seminaries on the University Senate-approved list in consultation with an annual conference BOM and GBHEM.

Three of the five courses may be taken online. Candidates may participate in more than one course each year. A maximum of ten (10) years is allowed for the certification

studies in ministry careers. Two years' experience working in a specialized area is required for certification. Experience is defined as a contractual agreement with supervision, accountability, evaluation and continuing education in a specialized ministry area. Sufficient experience is approved by the annual conference BOM and may also require pre-approval.

- 2. Teaching Theology:** A survey of issues in theology and their implications for teaching and learning in the church, with special emphasis on understanding theological implications for children

The course may include a study of doctrine, the General Rules, Social Principles and polity of the UMC as found in The Book of Discipline, or historical issues in UMC polity (organization and structure of contemporary United Methodism)

GBHEM may accept the two (2) courses in Bible and theology required for other areas of certification as meeting the requirements for Children's Ministry certification when these courses have been taken within the past ten (10) years and a special assignment related to Children's Ministry is completed in consultation with GBHEM. The course Teaching/Learning is common to both Christian education and Children's Ministry.

SHOULD I SEEK PROFESSIONAL OR PARAPROFESSIONAL CERTIFICATION?

Professional certification is available to people with an undergraduate degree and graduate credit courses at a United Methodist seminary or approved graduate school, or to students graduating from a United Methodist-related college, where they have completed the required courses in an area of specialization and have served two years in a specialized ministry area.

Paraprofessional certification is available to people who may or may not have an undergraduate degree and are working in areas of specialized ministry. Paraprofessional certification does not carry academic credit and is designed for people seeking training in a specialized ministry as a worker or volunteer.
