Top 10 ways to maintain YOUR annual conference relationship

10. Prepare for your possible return to ministry in the local church the day you are endorsed.
9. Attend annual conference as often as possible.
8. Send your annual report to your bishop and others on the list to receive the report including United Methodist Endorsing Agency (UMEA).
7. Include a narrative and a copy of your annual evaluation with your report that you send to your bishop. To enhance your narrative, include several vignettes describing your interaction with those you serve.
6. Maintain your network of colleagues in the conference. Subscribe to conference and district newsletters, most are online.
5. If located in or near the bounds of the conference, volunteer to serve on the Board of Ordained Ministry.
4. Attend a transition retreat prior to retirement or returning to pastoral ministry.
3. Involve your family members in the planning process.
2. Don't forget to keep your contact information current with UMEA after you retire.

AND DON'T FORGET . . .

1. Remember: while endorsed you are a missionary representing your annual conference at home and abroad.
